**PROPOSAL
FOR
TESTING OF
BULK FLAMMABLE MATERIALS**

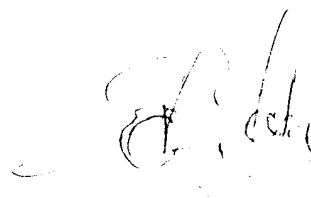

6 January 1961

25X1

CONFIDENTIAL

A requirement has recently arisen for a study to be conducted on the ignition of bulk flammable materials. This company proposes to undertake this study, being guided by the Project Officer who will elucidate the specific problems as they arise.

It is suggested that this program be written as a work order under the open end of Task 00, RD 45. It is further suggested that the program be written to cover a twelve months' working period, although it is estimated that the study can be completed within three months.

A handwritten signature in dark ink, appearing to be 'E. J. Kelly', is located in the lower right quadrant of the page.
